Digital Intelligence
mastering the science of digital forensics
NOTICE

No part of this manual, including the products and software described in it, may be reproduced, transmitted, transcribed, stored in a retrieval system, or translated into any language in any form or by any means, except documentation kept by the purchaser for backup purposes, without the express written permission of Digital Intelligence, Inc. (“DI”).

DI PROVIDES THIS MANUAL “AS IS” WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. IN NO EVENT SHALL DI, ITS DIRECTORS, OFFICERS, EMPLOYEES OR AGENTS BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES (INCLUDING DAMAGES FOR LOSS OF PROFITS, LOSS OF BUSINESS, LOSS OF USE OR DATA, INTERRUPTION OF BUSINESS AND THE LIKE), EVEN IF DI HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES ARISING FROM ANY DEFECT OR ERROR IN THIS MANUAL OR PRODUCT.

Product warranty or service will not be extended if: (1) the product is repaired, modified or altered, unless such repair, modification of alteration is authorized in writing by DI; or (2) the serial number of the product is defaced or missing.

Products and corporate names appearing in this manual may or may not be registered trademarks or copyrights of their respective companies, and are used only for identification or explanation into the owners' benefit, without intent to infringe.

- UltraBlock™ is a trademark and Digital Intelligence® is a registered trademark of Digital Intelligence, Inc.

Specifications and information contained in this manual are furnished for informational use only, and are subject to change at any time without notice, and should not be construed as a commitment by DI. DI assumes no responsibility or liability for any errors or inaccuracies that may appear in this manual, including the products and software described in it.

CAUTION: Any changes or modifications not expressly approved in this manual could void your warranty.
LIMITED WARRANTY

Digital Intelligence, Inc. ("DI") warrants to the original end-user that the product (excluding accessories) will be free from defects in materials and/or workmanship for a period of one (1) year from the date of shipment. This limited warranty is non-transferable, and is issued only to you, the first end user purchaser.

Exclusions
This warranty does not apply to: (i) DI software products; (ii) expendable components such as power cables, FireWire, USB or UDMA cables; or (iii) third party products, hardware or software, supplied with the warranted product. DI makes no warranty of any kind on such products, which, if included, are provided "AS IS." THIS LIMITED WARRANTY DOES NOT COVER, AND SHALL AUTOMATICALLY BECOME NULL AND VOID FOR, ABUSE, MISUSE, UNUSUALLY HEAVY USE, ACCIDENT, OR IMPROPER STORAGE, INSTALLATION, APPLICATION OR MAINTENANCE.

Remedies
Your sole and exclusive remedy for a covered defect is repair or replacement of the defective product, at DI's sole option. Any replacement parts or products will be new or serviceably used, comparable in function and performance to the original part or product. If DI is unable to repair or replace a defective product, your alternate exclusive remedy shall be a refund of the original purchase price less depreciation. The above is DI's entire obligation to you under this warranty. DI SHALL UNDER NO CIRCUMSTANCES, WHETHER FOR A FAILURE OF ITS LIMITED REMEDY OR OTHERWISE, BE LIABLE FOR SPECIAL, INCIDENTAL, DIRECT, PUNITIVE, OR CONSEQUENTIAL DAMAGES EVEN IF DI HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES. In no event shall DI's liability exceed the original purchase price. Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitation or exclusion may not apply to you. DI reserves the right to modify its warranty statement at any time, in its sole discretion. DI will be obligated to honor any such warranty only upon DI's receipt of payment in full for the product to be warranted.

Obtaining Warranty Service
You must notify DI within the warranty period to receive service covered under this warranty. Information on warranty service is available at DI's Technical Support line (262) 782-3332. If the DI representative determines your product is eligible for warranty service, you will be required to return it to DI, shipping prepaid, along with proper identification, a return authorization number provided by the representative and proof of purchase.

Limitations
THE ABOVE WARRANTY IS EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES, EXPRESS OR IMPLIED. TO THE EXTENT PERMITTED BY APPLICABLE LAW, DI SPECIFICALLY DISCLAIMS ANY IMPLIED WARRANTIES, INCLUDING ANY IMPLIED WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. Any implied warranty required by applicable law shall be limited in duration to the express warranty term. Some states do not allow disclaimers of implied warranties or limitations on how long an implied warranty lasts, so the above limitation may not apply to you. This warranty gives you specific legal rights and you may also have other rights that vary from state to state. Any suit for breach of any warranty on your Product must be filed within one (1) year of the first date the suit could have been brought. NO WAIVER, ALTERATION, ADDITION OR MODIFICATION OF THE FOREGOING CONDITIONS SHALL BE VALID UNLESS MADE IN WRITING AND SIGNED BY AN OFFICER OF DI.

There are no serviceable parts inside the UltraBlock. Do not attempt to open or disassemble the UltraBlock device due to an electrical shock hazard. Opening or disassembling the UltraBlock case (except at the request of DI Technical Support) will void the warranty.

Package Contents:

The following is included with the UltraBlock FCR:
- UltraBlock Forensic Card Reader (1)
- User Guide (1)

What is the UltraBlock FCR?

The UltraBlock FCR or Forensic Card Reader is a multi format memory card reader that provides either read only or read write access to a variety of flash media cards. The card reader supports the following media formats:

- Compact Flash Card (CF)
- Mini Disk (MD)
- Memory Stick (MS)
- Memory Stick Pro (MS Pro)
- Smart Media Card (SM)
- xD Memory card (xD)
- Secure Digital Media Card (SD)
- Multi Media Card (MMC)

In addition, with the use of adapters (not supplied) the card reader supports TransFlash, Mini SD and Micro SD card formats.

Installation:

The UltraBlock FCR is a USB device with a connector recessed in the back of the device. Simply connect the UltraBlock FCR to an available USB port in the system. Windows ME, 2000 SP4, XP, VISTA and OS X require no additional software and will automatically detect the new device.
Using the Card Reader:

1. Make sure the UltraBlock FCR had been set to the proper mode (i.e. Read Only or Read Write) before connecting the device to your computer.
2. Connect the UltraBlock FCR to the USB connection on your computer and allow the system to detect the device.
3. Insert the flash media card into the corresponding slot in the reader,
   • For MS and MS Pro insert the card with the metal contacts facing down and the notch facing to the left.
   • For MMC, SD, and SM insert the card with the metal contacts facing down and the notch on the right side.
   • For xD insert the card with the metal contacts facing up.
   • For Compact Flash (CF) or Micro Drives, insert the card the holes facing toward the UltraBlock FCR.
4. Gently push the card all the way in.
5. To remove the card, select add remove hardware from the windows task bar, select the device and remove. You may then remove the card.

Changing the Read Only - Read Write functionality:

The UltraBlock FCR can work either as a write blocker (Read Only mode) or as a read writable device. This function is set by a switch on the side of the UltraBlock.

NOTE: In order to change the functionality, the device must be disconnected from the computer. Changing the switch while the UltraBlock FCR is connected to the computer WILL NOT change its functionality.

When the card is in Read Only mode the front red LED will be lit. The green LED is the device access light and will light when the system is communicating with the media.
Troubleshooting:

Please try the following troubleshooting steps if experiencing difficulties:

1. If the device is not detected by the computer, uninstall and reinstall on a different USB port.
2. Check to make sure your Windows updates and USB controller drivers are current.

If you need additional assistance, please contact Digital Intelligence Tech Support at http://www.digitalintelligence.com/support.php. Our technical staff will be happy to assist you.
## UltraBlock FCR Technical Specifications

### Product
UltraBlock Forensic Card Reader

### Connectors
- USB A (4 pin, USB 2.0 high/full/low speed)
- USB B (4 pin, USB 2.0 high/full/low speed)

### Switches
Read Write - Read Only Mode selector

### LEDs
- RED - Read Only mode enabled
- GREEN - Device activity

### Supported Media Types
- Compact Flash Card (CF)
- Mini Disk (MD)
- Memory Stick (MS)
- Memory Stick Pro (MS Pro)
- Smart Media Card (SM)
- xD Memory card (xD)
- Secure Digital Media Card (SD)
- Multi Media Card (MMC)

### Warranty
One year parts and workmanship from date of purchase
